Attorney Ben Corbin travels to Norway to settle a dispute between Karl and Gunnar Bjornsen, feuding brothers on the verge of developing a revolutionary neural stimulant that could turn first responders into superheroes. But more than just the fate of their pharmaceutical empire is at stake.

What starts as a sibling rivalry takes a deadly turn as Gunnar flees with the secret formula and Karl finds himself in the crosshairs of a bribery investigation. As Ben navigates a web of intrigue involving the Russian mob, embezzled funds, and black-market deals, he and his legal team are targeted for violent reprisals. Whoever is behind the attacks, it quickly becomes clear that no one and nothing—including the miracle drug itself—is as it seems.

Will lust for profit and unbridled ambition drive Cain to slay Abel—or will the intrepid lawyer trying to save them from destroying each other pay the ultimate price?
