Cognitive Neuroscience: The Biology of the Mind (Fourth Edition) Michael Gazzaniga, Richard B. Ivry, George R. Mangun Ph.D.

The most authoritative cognitive neuroscience text is also the most accessible.

The first textbook for the course, and still the market leader, *Cognitive Neuroscience* has been thoroughly refreshed, rethought, and reorganized to enhance students' and instructors' experience. A stunning, all new art program conveys data and concepts clearly, and new chapter-opening Anatomical Orientation figures help students get their bearings. The table of contents and the chapters themselves have been reorganized to improve the logical flow of the narrative, and the world renowned author team has kept the book fully up to date on the latest research in this fast moving field.
