Have you spent a lot of time and money on doctor visits but whatever the doctor prescribe doesn't seem to work or help in the long run? Well than you are in the same boat as I was a few years ago. In my book I write about how complex the immune system is and how it operates and what causes PPP in the first place. The solution is how to take control over your own health and to heal naturally. If you find yourself falling into one of the below categories? * You feel your PPP is disabling you and your quality of life is deteriorating * You have been advised taking biologics but feel it's not really for you and want to try a holistic approach first * You have tried to change your diet to improve your health without any real success If you answered "yes" to any of these questions, my upcoming book is for you. In my book I will explain how the immune system works and what you need to do to boost it and regain your health. I believe by knowing what makes you sick in the first place, it's much easier to also understand what you need to do become well again. The topics in this book includes my own PPP journey, as well as what triggers Palmoplantar Pustular Psoriasis and how to heal yourself. Here's what you going to learn inside the book * What is PPP Topical ointment and treatments for PPP * A knowledge and an understanding of how the immune system works How to improve your immune system by just eating the right types of food and what not to eat * Why you need to supplement on certain vitamins and minerals and which ones to take How to get to the root of what is causing PPP as this is individual and the triggers are not the same for everybody. And much more... I will give you a complete healing system instead of various tactics one might come across that are meant to cure any disease. If you want to stop the outbreaks of PPP and heal within three months, then you do need this book to get results fast. When applying what you'll learn in this book your health will be restored and you will be able to walk properly and wear fancy shoes again as well as using your hands doing all the daily tasks which is so difficult and painful when suffering with Palmoplantar Pustular Psoriasis.
