## **Moynihan's Introduction to the Law of Real Property (Hornbook)** Sheldon Kurtz

This classic monograph presents a simple, concise and readable text of the history of the English common law scheme of estates in land, including future interests, and the scheme's importation to the United States. The text specially treats the types of interests a person can hold in land today and the associated legal rules that affect those interests. The text is peppered with many review problems to assist the reader in learning the material in the monograph.
