Barrett Fuller's privileged life is about to change radically ... or else.

Barrett Fuller is a world-famous and very wealthy children's author who writes under a pseudonym because he's a self-absorbed womanizer and drug-user. His life changes when he receives an extortion letter, challenging him to live up to the morals he currently espouses in his books. He is presented with a series of tasks to complete or face having his identity revealed to the public, resulting in the ruin of his financial empire.

Richard Fuller, Barrett's nephew, has a secret too, and it's one no kid should bear. He knows why his father left the family and he's never told his mother.

When the extortionist challenges Barrett to spend time with his nephew, their respective secrets move towards a collision that will change their lives forever.
