## **Motivate Learning, Motivation for Success**

Motivate children to do better in school and to succeed in life. For Children 'How to Become' Rich, Successful & do well in school was written with the title in mind. Children can be successful in life. Children can do so much more than what most people give them credit for. There was a young man who at the age of 12 years old, he made \$50,000 dollars and at 15 he was the CEO of a company.

His story is one of many stories of children who have become successful at very young ages. This book was written to encourage young people to do more, to make big dreams and to make those dreams come true. Yes it is possible to be a millionaire at the age of 19 years old; It is also possible to make a million dollars out of a bunch of coat hangers and a simple idea.

This book starts with the idea that 'learning' is important, that it is the first step in becoming and being successful in life. As a parent the author brings to these pages the tools, the rules and the mindset that children need if they want to succeed; to achieve the dream they have. This book is not about only making money - it is about how to become successful. Success is not about money, about being 'Rich', but being successful does create opportunities for large sums of money.

Success is about dreaming big and reaching your goals. Like one young man who started working out of his parent's kitchen when he was only 15 years old. With his success he has invested in various charitable projects, of which one runs tea parties for lonely elderly people who live alone or in care homes. The company reports to have run over 120 such events between March 2008 and March 2009, with the largest events attracting over 600 guests. The company organizes various 'knitathons', encouraging the public to knit for good causes. In 2008, several thousand knitted squares were collected, sewn into blankets and sent to orphanages in India.

Children can be successful; all they need is the right mindset and the tools to achieve their dreams. This book helps them get started and it all starts with - seeking knowledge and doing well in school.elderly people who live alone or in care homes.
