Telephones and Cellphones (Technology Timelines) Tom Jackson

These volumes mark the progression of science from yesterdays invention to today's state of the art technology. The people and the science that were the foundation of the cars we drive, the computers and cell phones that we use are presented in page spreads with chronological technology benchmarks.. With clear text, timelines and abundant images, the changes that technology has brought to our daily lives are examined along with A Different View sidebars that discuss how these technologies were perceived in the past
