The Vietnam Plays: Volume II: Streamers and The Orphan David Rabe

A novelist and screenwriter as well as a playwright, David Rabe is a major voice in American theater and holds an undisputed place in the ranks of contemporary dramatists. Streamers, part of the Vietnam trilogy which includes *The Basic Training of Pavlo Hummel* and *Sticks and Bones* (The Vietnam Plays, volume one), is the story of a group of paratroopers desperately attempting to cope with the chaos of their emotions when they are ordered to Vietnam.

In this volume, Streamers is paired with *The Orphan*, a brilliant synthesis of classic Greek drama and the conflicted character of contemporary America. All four plays focus on what the author calls “the eternal human pageant.” War is not a political phenomenon but an elemental force, a human inevitability, like love or death, and Rabe’s plays encompass it as such. They are essential works about our society.
