## Social and Emotional Learning in Action: Experiential Activities to Positively Impact School Climate

Tara Flippo

*Social and Emotional Learning in Action (SELA)* is an easy to use sourcebook facilitated by teaching and/or counseling practitioners primarily in school settings. The pedagogical basis for these lessons are shaped around the research findings of the Collaborative for Academic, Social, and Emotional Learning (CASEL), indicating that the inclusion of social and emotional development programs positively affect academic achievement. CASEL has identified five interrelated cognitive, affective, and behavioral competencies: self-awareness, self-management, social awareness, relationship skills, and responsible decision making. *SELA* will address all five. *SELA* will provide a developmentally sequenced year-long/ modular flow or stand-alone lessons that integrate the benefits of experiential and social emotional learning (SEL) into the classroom. Each lesson (36 total) will offer step-by-step instructions along with a materials list.
