Integrating TCP/IP iïnets with IBM(R) Data Centers Anura Guruge, Anura Gurugé
Integrating TCP/IP iA *nets with IBMA (R) Data Centers is a focused and comprehensive handbook targeting the integration of IBM and compatible mainframes and AS/400s with Internet technology-based networks--iA *nets--including the Internet, intranets, and business-to-business extranets. The book is a valuable resource for those working to ensure that traditional IBM data centers play an integral role in the new Internet-dominated business world. This book offers an overview of the transition from SNA to SNA-capable iA *nets and the role of the latest SNA incarnation--High Performance Routing (HPR). It presents all the major technologies used to integrate SNA systems with TCP/IP: transport technologies, access technologies, user interface rejuvenation, programmatic solutions, and network infrastructure issues and techniques. The author provides detailed descriptions and evaluations of specific products and technologies, with summaries of the pros and cons of each and advice on how they fit into an overall solution.You will find coverage of important topics such as: *tn3270(E), ip3270, and tn5250 *3270-to-HTML conversion *Applet-based 3270/5250 emulation *Data Link Switching (DLSw) *Application servers *User-interface rejuvenation and AutoGUIs *HPR-over-IP and AnyNet *Channel-attached mainframe gateways *Maintaining security *Securing availability and response time *Ensuring network management, scalability, and accountability Real-world case studies of GM, TWA, Del Monte, and Lafayette Life Insurance illustrate how Internet technologies can minimize remote access costs while extending the reach and scope of mission-critical information that resides in mainframe data centers. Numerous figures, topic summary sidebars, and tables summarizing product features give readers quick and easy access to vital information. Whether you are investigating the topic in general, are in the process of designing a solution, or researching specific technologies, Integrating TCP/IP iA *nets with IBMA (R) Data Centers will help you successfully accomplish your goals. 0201309912B04062001

From reader reviews:

James Fletcher:

What do you with regards to book? It is not important along? Or just adding material when you need something to explain what yours problem? How about your free time? Or are you busy particular person? If you don't have spare time to accomplish others business, it is give you a sense of feeling bored faster. And you have spare time? What did you do? Everybody has many questions above. They have to answer that question because just their can do that will. It said that about e-book. Book is familiar on every person. Yes, it is correct. Because start from on jardín de infancia until university need this kind of Integrating TCP/IP iïnets with IBM(R) Data Centers to read.

Sharon Chacko:

As people who live in the actual modest era should be update about what going on or data even knowledge to make these people keep up with the era that is certainly always change and advance. Some of you maybe may update themselves by reading books. It is a good choice in your case but the problems coming to you actually is you don't know which one you should start with. This Integrating TCP/IP iïnets with IBM(R) Data Centers is our recommendation so you keep up with the world. Why, since this book serves what you want and need in this era.

George Bash:

The knowledge that you get from Integrating TCP/IP iïnets with IBM(R) Data Centers is the more deep you rooting the information that hide into the words the more you get interested in reading it. It doesn't mean that this book is hard to know but Integrating TCP/IP iïnets with IBM(R) Data Centers giving you buzz feeling of reading. The writer conveys their point in particular way that can be understood by means of anyone who read it because the author of this reserve is well-known enough. This specific book also makes your own personal vocabulary increase well. Therefore it is easy to understand then can go to you, both in printed or e-book style are available. We propose you for having this specific Integrating TCP/IP iïnets with IBM(R) Data Centers instantly.

Reuben Beaubien:

Playing with family in a very park, coming to see the water world or hanging out with friends is thing that usually you might have done when you have spare time, in that case why you don't try issue that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love Integrating TCP/IP iïnets with IBM(R) Data Centers, you may enjoy both. It is good combination right, you still wish to miss it? What kind of hang type is it? Oh seriously its mind hangout men. What? Still don't have it, oh come on its known as reading friends.
