Fallout Sandra Glover

A fun teen party takes a negative turn in this gripping tale of raw emotions and conflicting stories

It was too late to move. He'd almost reached her. It was like that moment that's supposed to happen just before you die, when everything comes rushing back, your life flashing before you. Only this wasn't her whole life, just the worst part.

The music pulses, lights flash, and raised voices echo in Hannah's head. Her parents are away and her impromptu house-party has gotten completely out of hand. But when Hannah wakes up the next morning with her head throbbing and the house wrecked, she realizes these are the least of her problems. From the fallout of the party emerges an accusation of rape that tears friends apart, divides opinions, and shatters lives. The perfect book for fans of *Skins*, from an award-winning author known for psychologically gripping mysteries that explore identity and trauma in thought-provoking prose.
