## **Lust Ever After** Rose de Fer

London, 1881. The brilliant Dr Frankenstein has a thriving practice in the city, treating ladies for 'hysteria' and seducing them along the way. Through his pretty chambermaid, Justine, he spies the perfect opportunity to create what he has always dreamt of - a truly liberated woman. When Justine wakes in the laboratory she has no memory of her former life. All she knows is that she has a ravenous sensual appetite and she will let nothing stand in the way of her desires, least of all Frankenstein. Soon Justine finds herself drawn into a world of forbidden delights, first with her female friends, and then with a mysterious young man named William, with whom she feels a strange and unearthly bond. An unbreakable connection that her creator will do anything to destroy.
