## **Maple Leaf Against the Axis** David J. Bercuson

Maple Leaf Against the Axis is a compelling recounting of the Second World War and the Canadians who fought it. Here, in all its passion and drama, is the story of how the Canadian army, navy and air force fought in battles ranging from Hong Kong to the Rhine River crossing. David Bercuson, one of Canada's preeminent military historians, covers the war on the ground, the naval war in the North Atlantic and elsewhere, and the air war-both the bomber offensive and the story of those Canadians who flew everything from Canso reconnaissance aircraft in the Indian Ocean to Typhoon fighter bombers with the Second Tactical Air Force in Europe. And he does it through recounting the stories of the men and women who were there and played a significant role in the Allied victory.

The Maple Leaf Against the Axis provide you with new experience in studying a book.

#### **Sally Canady:**

As a university student exactly feel bored to be able to reading. If their teacher asked them to go to the library as well as to make summary for some reserve, they are complained. Just small students that has reading's internal or real their interest. They just do what the teacher want, like asked to go to the library. They go to at this time there but nothing reading significantly. Any students feel that reading through is not important, boring in addition to can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Maple Leaf Against the Axis can make you feel more interested to read.
