The book, *The Science of Hydraulic Suspension - Stainless Steel Garage Edition*, is like no other lowrider book out there. Considering hydraulics is one of the most credential parts of Lowriding, it covers only that. The book was written to help guide people and give them a better understanding of how a hydraulic suspension works. Labeling every nut bolt and washer in this type of system with all the appropriate visual aid makes this book a winner. With sections from electrical wiring to bleeding the system to a pump break down and who could ever miss the bonus section on frequently asked questions. Even the professionals in the game will agree that there is something for everyone to take with them after reading it.
