## **Straight-Ahead Jazz Drumming (Book/CD)** Jeff Jerolamon

(Drum Instruction). Straight-Ahead Jazz Drumming provides a step-by-step method devoted to unlocking the mysteries of the jazz drummer's role as an accompanist. Author Jeff Jerolamon has gone beyond the mere coordination patterns that comprise most jazz drumming books to combine informative text, realistic musical examples, and audio tracks that clearly and methodically detail such topics as how to: develop a good, traditional cymbal beat; adorn the cymbal beat with comping figures; play and use basic tension figures; play the cymbal in a contemporary (post 1960) fashion; adorn the contemporary cymbal concept with the rest of the drumset; resolve tensions (resolution points); build excitement behind a soloist; and more. Straight-Ahead Jazz Drumming is excellent for self-study, studio lessons, and college curriculum use.
