Canyon's Call Kate Burns

Carrie Reed, a highly respected genetic veterinary specialist, has it all: a successful practice, fame in her chosen field, money and a body that most women would give their eye teeth for. But she's got no male prospects in sight and a mother that loves to remind Carrie that her biological clock isn't only ticking--it's screaming. So when Jake Canyon phones he commands her attention. His voice is sexy, his tone is hot and he insists there is a new species of animal roaming around on his Alaskan ranch. Would she come and identify it for him? Of course she will! Carrie knows that even if there isn't a new species to be found, a voice like Jake's is definitely worth investigating!
