Owen Sanders has a lot on his mind. Ever since being kidnapped from the City, he's been trying to get back in order to rescue the twin baby brothers he had been forced to leave behind. The only thing stopping him is leaving behind his newly found mate, Maltok, and the feelings he has for the other man. Katrian Co-Alpha Chief, Maltok doesn't know why his human mate refuses to bond with him. When he finds out about Owen's forgotten family, Maltok is hurt that the smaller man would keep something so important from him. Maltok agrees to help retrieve the children on one condition; Owen must agree to mate him when they return to the Village. Owen reluctantly agrees. The two men begin their journey and, on the way, learn that some misunderstandings must be resolved before they could have hope for their future. And when the City retaliates against their actions, the two men must make a decision that could save them all... And possibly destroy the City forever.
