**Charlie Red Star: True Reports of One of North America's Biggest UFO Sightings** Grant Cameron  
A wave of UFO sightings struck southern Manitoba in 1975, with possible connections to U.S. missile defense operations.

In 1975, Manitobans reported UFOs over their province almost nightly. The string of unprecedented sightings launched the biggest UFO craze in Canadian history. With sightings for well over a year, one object seen again and again became known as Charlie Red Star.

Grant Cameron was there. He witnessed Charlie Red Star many times, and led tours for others to see for themselves. He also caught wind of rumours of nuclear testing south of the Canada–U.S. border, which might have been the cause of the unexplained phenomena that was sighted in the upper atmosphere. This is the story revealed by eyewitnesses, photographers, and reporters chasing down the truth behind these fascinating, still-unexplained encounters with UFOs.
