Have you ever found yourself wondering how to create the soft, cotton-candy water you see in so many landscape photographs? Are you curious about the camera and equipment used to set up those shots? If so then this is the book for you! In this book Nicole demonstrates the required gear needed for long exposures, how to set up and calculate your exposure time with neutral-density filters, tips for composing water photographs, and more! Here are some of the things you'll find in this book: • Learn about the different cameras, lenses, filters, and accessories used with long-exposure landscape images. • Discover how to calculate the exposure time when using neutral density filters. • Read about advanced techniques and tricks to keep your camera dry and stable while near running water. • Get pro tips to creatively compose your photographs. • Improve the look of your photos using Adobe® Photoshop® Lightroom® and ON1 Photo. • Go behind the scenes and view the step-by-step process of photographing and processing three long-exposure photographs.
