Everyday Math for the Building Trades

James Gerhart

Everyday Math for the Building Trades James Gerhart

This text includes diagrams, tables, charts and ways to work out routine and complex field calculations. It addresses day-to-day math problems on the site with tips for quick and accurate calculations. Information on difficult-to-determine areas such as roof pitch and stair risers/treads is included. It also provides instruction on how to train existing staff to use these techniques in the field.
