## **Understanding The Wineskin of The Kingdom** Dr. Joseph Mattera

As the Kingdom of God continues to be taught and preached across the world, there is a piece to the overall theology that remains unfinished. In order to bring the Kingdom of God to the earth, we must have agreement and understanding of what that looks like. Societal transformation is necessary to achieving this task. However, this in its own right is still a misunderstood concept that carries objectives which need to be aligned in a biblical perspective in order to attain our mandates as sons of God. How do we do this? By looking at and understanding God's law in relation to the law of the world, by analyzing the true difference between the current state of our world and biblical instruction, and by looking at history to show us where this all began. It is not simply fixed by more revival, but by an ambitious undertaking of unification amongst all the spheres of culture, beginning with the gatekeepers in each realm and by affecting change through them with the proper biblical viewpoint. In the end, we must look to Jesus for the accomplishment of this ambitious attempt at societal transformation. Truly, it is through Him and only Him, that we must empower ourselves to experience the shift that will achieve the end goal of bringing the Kingdom of God to earth, as it is in Heaven.
