Loose Leaf Version for Microbiology: A Systems Approach Marjorie Kelly Cowan

Microbiology: A Systems Approach is a microbiology text for non-science/allied health majors with a body systems approach to the disease chapters. It is known for its engaging writing style, instructional art program and focus on active learning. Its unique organization in the disease chapters presents students with information in the way they would encounter it in a clinical setting, instead of separating disease information by taxonomy.

The proven successful digital program including Connect, LearnSmart and SmartBook gives students access to one of the most effective and successful adaptive learning resources available on the market today.
