“Inspiration to creation is a gift divine” this phrase came to Thelma Daisy Moeran in her teens. She did not know what it meant at the time, however, it was to influence her extraordinary life, which has been dedicated to following guidance from “Spirit” which led to her becoming a messenger for the crystal skulls. Diary of the Crystal Skull Messenger follows Thelma’s journey to Sedona, Arizona and Glastonbury, England, where she has been a mentor to many and a pure channel bringing through beautiful inspired poetic messages from the crystal skulls in service to humanity. Before her 90th birthday on April 27, 2014 Thelma said, “I now offer the 'gift divine' to the world, so that the poems may indeed be an 'inspiration to creation'. This gift divine, not yours or mine, comes from the Creator.” Thelma Daisy Moeran and Elizabeth Heartstar Keller came together in this life to fulfill several of their souls’ purpose and passions. One of these was their relationship with each other, and with their soul groups in Glastonbury, England and in Sedona, Arizona. Another was that they would link up and re-unite two special crystal skulls, HeartStar and Yangtze, who, along with the whole crystal skull matrix, had work to do together at this time of the transition into the new Golden Age on Gaia. Thelma is able to channel poetry from the crystal skulls, which makes it possible for their story to be told. Enjoy this story of these two women masters of the heart and soul, eternal friends, brought together with each other and their precious crystal skulls in the great Transition of The Ages to once again work together with dignity, gentleness, and grace.
