It's a shock when a village boy asks him if he's on his way to another planet and can he come along. It's even more of a shock to discover that he's been the friend of the Darrington family since 1897. Stuart and his friends may have to move from the village they call home, maybe even leave Earth for good. Discovering where the abductors come from only twists time into ever more confusing loops which Stuart must negotiate to avoid creating an impossible paradox. Enjoy this latest tale Stuart of Stuart and his friends as he pushes the technology he uses to the limits.
