Introduction to Nanosatellite Technology and Components: Applications of Cubesat Technology

Lakshya Vaibhav Datta

With the advents in space technology, the concept of making cubesat type nanosatellites and sending them to space has become quite common. Nowadays, you can find many Cubesats and other types of nanosatellite orbiting Earth and conducting experiments for universities. Hence, there is a significant demand to find good sources in nanosatellite technology. Unfortunately, the material that exists on the net for each Cubesat is not sufficient to guide interested persons who may be starting their own Cubesat project. This book is intended to be a basic textbook to guide students and professionals to start their own nanosatellite project. This book by Lakshya with supervision of Dr. Ugur Guven details the major components of a nanosatellite system like the power systems, attitude adjustment systems, communication & telemetry systems, propulsion systems and the control & distribution systems. The book also mentions the possibility of payload positioning within the nanosatellite as well. General review of nanosatellite systems is provided along with figures to help visualize the concepts. Authors recommend the book for all interested persons who want to learn about nanosatellite technology.

From reader reviews:

Kim Marshall:

The book Introduction to Nanosatellite Technology and Components: Applications of Cubesat Technology make you feel enjoy for your spare time. You can utilize to make your capable a lot more increase. Book can to get your best friend when you getting strain or having big problem with the subject. If you can make looking at a book Introduction to Nanosatellite Technology and Components: Applications of Cubesat Technology to be your habit, you can get much more advantages, like add your current capable, increase your knowledge about a few or all subjects. You could know everything if you like available and read a book Introduction to Nanosatellite Technology and Components: Applications of Cubesat Technology. Kinds of book are several. It means that, science e-book or encyclopedia or some others. So , how do you think about this e-book?

Frederick Cagle:

Now a day people who Living in the era everywhere everything reachable by connect to the internet and the resources within it can be true or not need people to be aware of each facts they get. How individuals to be smart in obtaining any information nowadays? Of course the correct answer is reading a book. Looking at a book can help individuals out of this uncertainty Information mainly this Introduction to Nanosatellite Technology and Components: Applications of Cubesat Technology book since this book offers you rich data and knowledge. Of course the knowledge in this book hundred % guarantees there is no doubt in it you know.

Jason Probst:

Often the book Introduction to Nanosatellite Technology and Components: Applications of Cubesat Technology will bring you to definitely the new experience of reading a book. The author style to spell out the idea is very unique. In the event you try to find new book to learn, this book very acceptable to you. The book Introduction to Nanosatellite Technology and Components: Applications of Cubesat Technology is much recommended to you to study. You can also get the e-book from official web site, so you can quickly to read the book.

Kyle Smallwood:

Many people said that they feel fed up when they reading a book. They are directly felt the item when they get a half parts of the book. You can choose often the book Introduction to Nanosatellite Technology and Components: Applications of Cubesat Technology to make your personal reading is interesting. Your skill of reading talent is developing when you such as reading. Try to choose straightforward book to make you enjoy you just read it and mingle the idea about book and reading through especially. It is to be initial opinion for you to like to wide open a book and learn it. Beside that the reserve Introduction to Nanosatellite Technology and Components: Applications of Cubesat Technology can to be your friend when you're feel

alone and confuse in doing what must you're doing of this time.
