This vintage book contains the second volume of Stanley Hall's 1917 treatise, "Jesus, The Christ, and In The Light Of Psychology". A fascinating exploration of the story of Jesus Christ in relation to modern psychoanalysis, this book is highly recommended for students of psychology, and would make for a worthy addition to collections of allied literature. Contents include: "Messianity, Sonship, and the Kingdom", "Jesus' Eschatology, His Inner Character, Purpose, and Work", "Jesus' Ethics and Prayer", "The Parables of Jesus", "The Miracles", "Death and Resurrection of Jesus", etcetera. Granville Stanley Hall (1844 - 1924), was a pioneering American psychologist and educator, whose main interests focused on childhood development and evolutionary theory. Many vintage texts such as this are becoming increasingly rare and expensive, and it is with this in mind that we are republishing "Jesus, The Christ, and In The Light Of Psychology" now in an affordable, modern, high-quality edition. It comes complete with a specially commissioned new biography of the author.
