Mystical Numerology: The Creative Power of Sounds and Numbers John B. Pehrson

Mystical Numerology is a practical introduction to a new science of numbers which opens up new vistas and avenues of self-exploration and growth for both the beginner and the seasoned numerologist. In its integration of ancient wisdom traditions from many cultures with both number symbolism and sound, Mystical Numerology is unique in the field of numerology and goes far beyond the usual books to offer insights that resonate with the soul. Reflecting thousands of hours of research and application of the theory to the lives of real people, Pehrson's pioneering tour de force offers a valuable way for us to access the power of numbers to help guide us through this transitional time. In its articulation of a new 13-month calendar, it can help shift global culture into a new, more viable paradigm. This is a work not just to be read but to be mined, applied to daily living and made a companion on life's journey. ~Susan E. Mehrtens, President of the Jungian Center for the Spiritual Sciences
